Dear postgraduate students,

We warmly welcome you to the Postgraduate Program of Studies and to the Library of the School of Science at the National and Kapodistrian University of Athens (NKUA).

We would like to inform you that, due to technical maintenance works in the building, the Library branch of the Department of Philosophy and History of Science (PHS or IFE) is currently operating with limited access to its collection. Nevertheless, you have full access to the Central Library as well as to the entire NKUA Library Network.

Through the Library's website (www.sci.lib.uoa.gr), you can complete your registration using the online form in order to borrow material from all University Libraries.

In addition, we would like to inform you about the Institutional Repository "Pergamos", the digital library of NKUA, which hosts scientific works and publications. Upon completion of your studies, your master's thesis must be submitted to "Pergamos" so that it is accessible to the academic community. (<https://pergamos.lib.uoa.gr/>)

We encourage you to visit our website and follow the Library's social media profiles to stay updated on new services, events, and announcements.

For any issues regarding the operation or services of the Library, you may contact the **Helpdesk Service** at <https://helpdesk.lib.uoa.gr/>.

We wish you a creative and successful academic journey.

With best regards,

The Library of the School of Science / Department of PHS (or IFE)
